

ENERGY STAR[®] APPLIANCE REBATE PROGRAM

For Hydro One Remote Customers

The Hydro One Remotes ENERGY STAR[®] Rebate Program is to encourage Communities and Customers to purchase ENERGY STAR[®] Appliances. ENERGY STAR[®] Appliances are in the top of their class for energy efficiency, which means they use less energy than other appliances, saving you money on your electricity bill. Check out the Application on the next page to see how much money back (rebate) you can receive by participating in this program!

WHAT IS ENERGY STAR?

The ENERGY STAR[®] symbol is the internationally recognized and trusted mark of high efficiency. The symbol means that a product, new home, building or industrial facility is certified as energy efficient.

ENERGY STAR[®] makes it easy for Canadians to make energy efficient choices that help them save money on energy bills, increase their competitiveness, and fight climate change
